The Trust at present runs Primary School, Inter, Degree Colleges, Technical Colleges, Technical Colleges, Eye Hospitals, Nursing Colleges, Krishi Vigyan Kendra, Watershed Development Programmes etc. Through the tireless work of the Trust, it has brought drastic Progress in common people's lives. The Trust's President, Dr. Sant Kumar Chaudhary, is the guiding force of the trust. His vision for a premier technical establishment has taken in the form of "Shankara Institute of Technology".

# The President's Address

With the blessings of His Holiness Jagat Guru Shankaracharyaji of Kanchipuram, I welcome you all at SIT. India's changing economic scenario has brought about a new age that is as turbulent as it is dynamic. Today our country is facing a new spectrum of challenges brought about by the integration with the global economy, adoption of new technologies, involution manufacturing, business practices & paradigm shifts in our approach towards technology & business. Technical & Professional education is of paramount importance in developing economy of any country.

To support & strengthen this economic development of globalization of our economy "S. K. Chadhary Educational Trust" with the blessings of Gurus, elders and well wishers took a decision to start technical & professional education movement in the form of **Shankara Institute of Technology**, Jaipur in the year 2001.

The highly pedagogy imparts rigorous training to extract the optimum from every student. SIT inculcates in its students the three "D" core values "**Discipline, Dedication & Determination**", the corner stones of their success. SIT today stands tall in the community of technical & business schools. This is manifested through the fact that more than hundred reputed companies visit our campus and have recruitment of our students. SIT emphasises on the quality of students going out by providing them with well designed training modules.

We are extremely thankful to all the distinguished corporate houses who blessed the SIT technical movement through valuable support. We welcome the positive suggestions from the corporates to fasten this movement.

With thanks,

Dr. Sant Kumar Chaudhary

# From the desk of DEAN

Our nation demands efficient Engineers/Managers to be engaged in National activities in every respect which only can bring winds of changes in development of our country. S. K. Chaudhary Educational Trust's Shankara Group of Institutions has taken up the task of producing new age technologies in its overall efforts for building a new breed of Engineers/Managers which are technologically advanced and creatively ignited. Generation of such Engineers/Manages will help our country to be forerunners in 21st century. Institutions under Shankara Group of Institutions are running several courses in Engineering, Management and Teachers training etc. The Management efforts are directed to prepare the engineering as well as the management students, citizens of the world. This aim is to be fulfilled by excellent co-ordination between management and faculty members.

I invite the students of all streams to be an integral and positive part of SHANKARA and this great thinking tomorrow.

With Warm Regards

# Shankara Group of Institutions

About

SGI

Chairman of the Trust, Dr. Sant Kumar Chaudhary's vision for a premier technical & management institution has taken in the form of Shankara Group of Institutions' to promote quality education.

The Institute is affiliated to the Rajasthan Technical University, Kota, Rajasthan. It is approved by the All-India Council for Technical Education, (AICTE) Ministry of Human Resources Development, Government of India. At present, the institute is offering Four-year degree programs of Bachelor of Technology (B.Tech.). Three year program of Masters of Computer Application (MCA) and Two year Master of Business Administration (MBA) program. Three year degree program in Bachelor of Business Administration (BBA) and three year degree program in Bachelor of Computer Application (BCA). The Trust is also running one non-technical program Bachelor of Education (B.Ed.).

SGI takes off with a commitment to promote quality education, creativity and research producing, thereby a student group which can face the challenges of life a big way.

**SGI undertakes following colleges at Jaipur campus :**

1. Shankara Institute of Technology (SIT)
2. Shankara Institute of Management (SIM)
3. Shankara International School of Management (SISM)
4. Shankara International School of Management and Research (SISMR)
5. Shankara Mahavidyalaya
6. Shankara Institute of B.Ed.
7. Shankara Teachers Training Institute

**Where we are located :**

The SGI's gigantic campus spreading over 27 acres is located away from the humdrum of the city on the Jaipur Delhi highway. NH-8 at the foothills of Aravali Range in RIICO Industrial Area, Kukas, providing a conducive atmosphere for learning. We have an in-campus hostel facility, a well-stocked library, advance computer lab, a gymnasium, stationery shop, music room equipped with latest electronically operated musical instruments, cafeteria, sports centre etc. The institute has it all for the holistic development of the students' & faculties' mind, body & psyche. SIT has today, more than 4,000 Students with almost all important branches of engineering subject, in addition to Post Graduate Courses of MBA & MCA.

# The Infrastructure & Facilities

## A Complete Education

While believe in the importance of practical nut bolt education, we also believe in complete education. We teach to think logically, judge critically and communicate clearly.

Spacious classrooms equipped with the latest Training aids and Audio-Visual equipments make learning at SIT truly stimulating experience.

## How we make it happen?

Class-Room lectures, audio-visual presentations, seminars, projects take-home assignments, computer programming, case studies and study tours lead to a vibrant and fulfilling academic programme.

## Library

Library is a treasure of knowledge in our institute. it's been upgraded periodically with more valuable additions. At present, the library contains 30,000 books along with regular arrivals of 100 journals of national and international publications. The whole library is computerized. The library along with reading room can accommodate 1000 students. The Reading Room is open 24 hours for the students. The Library has the unique collection of Parliament's Report on Technological Advancements submitted by organisations like ISRO, ONGC, DRDO etc. This helps students with the latest development in job opportunities also.

## The Labs

All the labs (Electronic & Communication, I.T., Computer Science, Mechanical, Electrical, Automobile) Physics, Chemistry and Language Lab are equipped with latest and modern equipments which are necessary for the development of future technocrats and managers. The labs are fully furnished to carry out experiments which are at per with the standards laid down by A.I.C.T.E. & Rajasthan Technical University, Kota.

# Other Facilities at a Glance

## Corporate Interactions

In today's highly competitive world, it is must for students to have exposure to the outside world, preparing them for the challenges that they will face in their field. At all levels, students are exposed to the industry through lectures, seminars, study tours, industrial visits, etc.

## Infrastructure

The advance infrastructural set up at SGI facilitates 'quality oriented' learning for its faculty & students. Institute also provides leaving and conveyance facilities for the convenience of student.

## Placement

SGI Placement Cell not only counsels the students about various academic, professional and competitive programmes but also provides a noble centre for employment & development fully equipped with information about various career objectives. Placement cell arranges for summer training, campus interviews. Many prestigious companies like KEC, L&T, Wipro, Infosys, A to Z, Avaid, Power Grid, HCL regularly come to SIT for campus placements.

## Gymnasium

Healthy body gives you a healthy mind. Taking this into considerations, SGI has provided a Gymnasium where students can exercise.

## Publications

In order to appreciate the students and to make them enlighten with different concepts of technology and management as well as to develop an effective communication link with other colleges and industries, SGI publishes a technical half yearly journal "Technikon". To inspire and to use optimum of talents among the student and faculty, SGI also publishes its annual Magazine 'Glimpses' The magazine comprises information about college activities, placements, articles by faculty and students, corporate view and news.

# Beyond Curriculum

## Music, Games and Sports

# SGI Alumni Association

"SIT Alumni Club" fosters and strengthens the bond of love, friendship and understanding among the alumni themselves and between the alumni and the college. Once a student enters the portals of SGI, he/she becomes a member of a big family to be loved and cared for all times to come.

Students passing out of SGI are offered exclusive lifetime Membership to full-fledged and active 'SGI Alumni Club'. This club helps to keep alive the personal interaction between both old and new students which helps for exciting career opportunities.

## Co-Curricular Activities

The Shankara Campus is buzz with the activities all round the year. The adrenaline level reaches new heights with the advent of sports week. The Institute organizes academic competitions like paper presentation, software presentation, quizzes, debates, group discussion, essay writing competitions etc. This ensures all round development of students by creatively aiding in academic environment of Institute.

The college focuses on providing dynamic engineers to the country. The provisions for games and sports are made on a large scale. This instills discipline and team work in students. The campus has facilities for outdoor games for e.g. : a) Cricket b) Football c) Volleyball d) Badminton e) Basketball etc. in addition to various other indoor games like Carrom, Table Tennis, Chess etc.

Students are encouraged to participate in sports at different levels, University level cricket matches have also been hosted. "Kapil", one of our students bagged gold medal in Boxing at National level thrice.

Shankara Institute of Technology has a strong and thriving cultural scenario. Cultural Programmes of all hues and colours ranging from Songs, Folk Dances, Fashion Shows, etc. culminate into a grand finale called National Level Youth Fest Cum Annual Function (SITE). By this, students get a chance to show their multi faceted personality and immense talent of which only sky is the limit. The function is attended by eminent personalities from the State, National and International levels.

## Department of Electronics & Comm. Engg.

Dept. of Electronics & Comm. Engg. stand out as the pride of the college. Laboratories of Dept. are :

- Wireless Communication Lab
- Digital Electronics Lab
- Electronics Lab
- Electronic Measurement & Instrumentation Lab
- Microwave Engg. Lab
- Microprocessor Lab
- Basic Communication Lab
- Advance Communication Lab
- Industrial Electronics Lab
- P.C.B. Lab
- Electronics Workshop (Advanced)
- Digital Hardware Design Lab
- DSP Lab

Laboratories of the Department are equipped with state of the art equipments from reputed hardware manufactures to train the students. The entire labs are safeguarded against electrical & fire glitches / dangers. The highly qualified lab personnels in each lab undertake the practicals in module which makes the process equivalent to Advanced Research & Development Standards of high class. Excellent Departmental Library for reference is also provided. For complete practical experiments, students are also actively involved in the repair & maintenance work.

## Department of Computer Engg. & I.T.

SIT has one of the most advanced Computer Division of the region with 08 labs separate for I.T., C.S.E. consisting of 600 latest technology Computers. Some of the salient features of computer labs are:

- Desktops 600 nos., IBM, Wipro, HP and HCL computers are available in networked A.C. Computers labs.
- All computers have power back up through 10 KVA online uninterrupted power supplies.
- Necessary licensed software are available in the computer labs.
- Internet facilities are available at each node round the clock through leased line.
- Computer labs are equipped with Printers, Scanners, DVD Writers and LCD Projectors.
- Supporting staff of the lab is available round the clock.
- Computer Labs are suitable for conducting various online competition examination.

## Department of Mechanical Engineering

Department of Mechanical Engineering is the mother of all engineering branches. The Institute has developed this department so as to support the department courses as well as other branches enabling scientific research work.

The laboratories of Department are :

- |                             |                           |
|-----------------------------|---------------------------|
| • Fluid Mechanics           | • Material Science        |
| • Strength of Materials     | • Thermal Engineering Lab |
| • Dynamics of Mechanics Lab | • Mechanical Workshop     |
| • Hydraulic M/C Lab         | • CAD/CAM Lab             |
| • Heat & Mass transfer Lab  |                           |

The Professors & Lecturers have a long tenure of Industrial experience. The practicals undertaken by them make the students industry savvy and provides an insight with core areas of production services and designing etc.

# Electrical Engineering

Electrical Engineering

Electrical engineering is the mother branch of electronics and computer science. Electrical engineering department was established in 2004. In this field, students have to face several workshops, labs and the article subjects. In 1st year, they have to face electrical workshop. In this lab, students are trained in electrical maintenance of equipments. They are acquainted to various electrical and electronics components. Students are also exposed to various types of house wiring etc.

Departmental labs are :

- Electrical Machine Lab
- Power Electronics Lab
- Power System Lab
- Electrical Instrumentation lab.

## Department of Automobile Engineering

Automobile Engineering is a branch of engineering which deals with basics of automobile and industry as there is an increasing potential in this field.

Automobile Lab  
AMM Lab  
Transmission Lab  
Body Engg. Lab
